George W Metzler

KIA 17 July 1942

Navy Seaman 2nd Class

George Metzler was killed on 17 July 1942. He served on the USS Humphry according to his headstone paperwork. We cannot locate additional information about the ship.

George was buried at sea and is memorialized in the Tablets of the Missing in North Africa American Cemetery and also at Arlington National Cemetery.

Henry and May Metzler lived on Main Street with children William, Walter, and John. It is likely that the census taker recorded George as William. George William Metzler is listed in the Navy's casualty rolls with Mr. and Mrs. Henry Metzler of Main St. Little Falls as his parents.
